## Transferring your SEVIS record to UC San Diego

### For International Student:

When you are ready to transfer to UC San Diego, please ask your international student advisor to transfer your SEVIS record to our institution. In order to transfer, you must have attended a U.S. school or university within 5 months of your start date at UC San Diego. Consult with your current international student advisor to determine the best date to release your SEVIS record to our institution.

UC San Diego does **not** use a transfer in form for students transferring into our school. If your current school needs verification of your SEVIS transfer, please ask them to email [itransfers@ucsd.edu](mailto:itransfers@ucsd.edu)

Once our office has received your completed request for an I-20/DS-2019 in the iPortal AND has access to your SEVIS record a transfer I-20/DS-2019 will be created for you to attend UC San Diego. We cannot create an I-20/DS-2019 for you until your previous institution releases your record to us.
