Winter Break Connection Program

Due to interest in the Fall Break Connection Program, this year the International Students & Programs Office (ISPO) will also be matching students who would like to connect with other students over the winter break.

We will match each student with two other students for a total of three students (in the spirit of Three's Company at UC San Diego). We hope that by connecting students, it might make the break feel a little less lonely and help us feel a little more together.

Due to the latest campus guidance, ISPO will facilitate matching students for this program, but will not be hosting any events. Once matched, students can choose the best way to connect.

Recreational Classes are offered through UCSD Playground until December 23!
